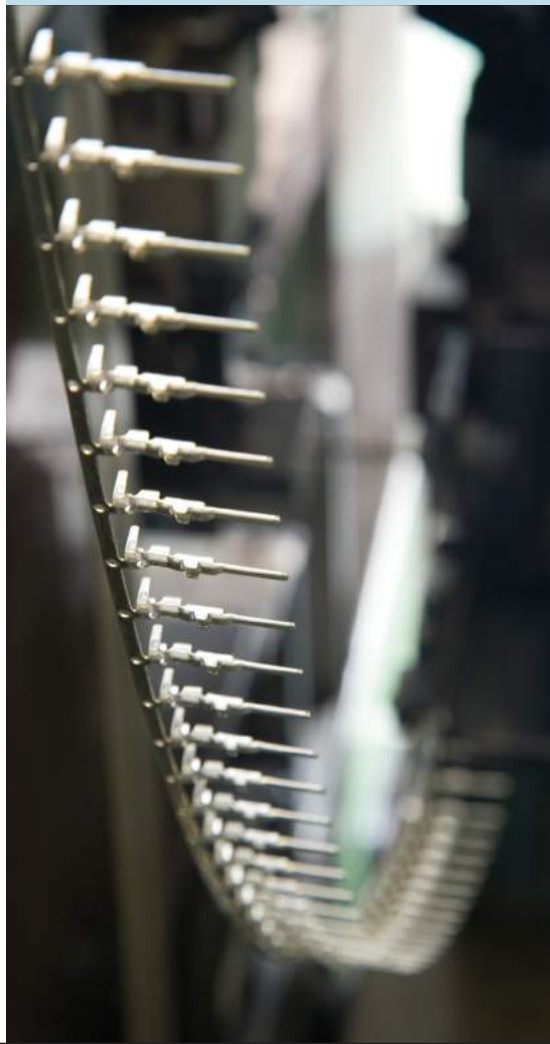
NUCAP ELECTRONIC WEAR SENSORS

NUCAP is a manufacturer of electronic wear sensors for brake pads with more than 35 years of experience in the automotive market. NUCAP is a global company dedicated to the production of metal brake plates, anti-noise shims, hardware and wear indicators with factories in Europe, North America and Asia. For more details about the group, please visit our website at www.nucap.com.

From its beginnings, NUCAP's mission has always been focused on giving its customers the broadest range of top quality products, and the best service at competitive prices. The constant up-dating of its technology and continual personnel training define NUCAP as a leading company in the production and marketing of automobile brake accessories.



QUALITY

The quality assurance system adopted by NUCAP complies with the requirements of the standards of ISO9001 and ISO/TS 16949 and with its own customers specific requirements.

These certifications confirm our commitment in our process of continuous improvement and our will to always satisfy our customers and go beyond our customers' expectations.

PRODUCTION

The continual introduction of latest technology is decisively reinforcing NUCAP's position in the manufacture of electronic wear sensors.

Investment in brand new machinery, injection moulds and other tools guarantee an extensive range of continually updated references.

Our products have been present in the market of electronic wear sensors since the early 1970s, designing and manufacturing parts for OES and AM. Our experience in design and production of electronic wear sensors has allowed us to become a respected supplier for customers all over the world.

In close co-operation with our suppliers of raw materials, we apply top quality materials to our sensors: plastics (high grade polyamides, PPS, polyetheretherketone, LCP…), wires, covers, terminals… to always ensure a perfect functionality of this safety related product.

Our catalog consists of more than 2500 references for Automotive and Heavy Duty applications supplied to prestigious and demanding companies worldwide. For many years NUCAP has been supplying electronic wear sensors to the major production facilities and Aftermarket divisions of the most prominent brake pad producers worldwide. More than 150 companies trust in our products and service.

In this catalog, you can find the latest reference numbers for the electronic wear sensors that NUCAP has available for the aftermarket market.

If you want to know more about our electronic wear sensor capabilities, please contact us.
